

# A warranty can now last a lifetime

## The Vauxhall Lifetime 100,000 Mile Warranty

### The Vauxhall Lifetime 100,000 miles warranty.

We're so confident in Vauxhall quality and reliability that Vauxhall is the first manufacturer in the UK to offer a warranty that can last a Lifetime! Available to the first owner of all new Vauxhall passenger cars from 1st August 2010, it's valid for the lifetime of the vehicle up to a maximum of 100,000 miles.

#### How does it work?

##### Year 1

All new Vauxhall passenger cars are covered by a one-year unlimited mileage manufacturer's warranty with qualifying repairs at no cost to you.

##### Years 2 & 3

The manufacturer's warranty is extended for two more years up to a maximum of 60,000 miles.

##### Lifetime!

After that, Vauxhall provides a unique Lifetime Warranty, available to the first owner for an unlimited time period and a maximum of 100,000 miles.

#### Don't forget, every new Vauxhall vehicle also comes with:

- A full 6 year anti-perforation corrosion warranty, with no mileage restriction, subject to an annual corrosion protection service.
- 12 months free Vauxhall Assistance, covering UK and mainland Europe.

#### What is covered?

All Vauxhall warranties cover a huge range of vehicle parts – powertrain and steering, brake parts, cooling, safety systems, air-conditioning, electronic components and more. As with all new vehicle warranties, some things are not covered, of course, such as routine service and maintenance items, natural wear and tear, or if any non-approved modifications or conversions are carried out.

#### Free of charge vehicle repairs

All you have to do is present your Warranty Card along with your completed and up-to-date Service Booklet to our service department. The lifetime warranty is dependent on an annual vehicle check and we will then activate the warranty extension for another year.

For the full terms and conditions just call and ask for one of our sales consultants who will be more than happy to discuss this further with you!
